About Me 🏠

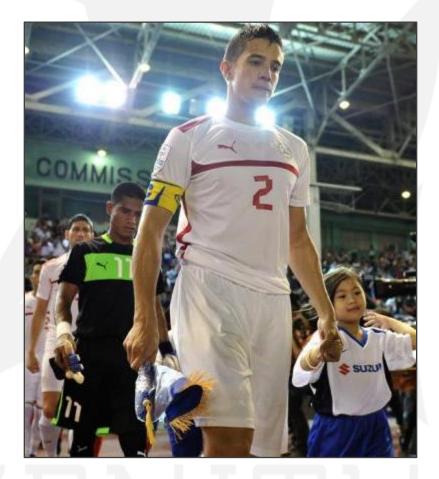

My name is Rob Gier and I am captain of the Philippines National Football Team. I established Zenith Soccer Tours with the aim of providing players and teams, whatever their abilities, an elite life experience that they will never forget.

Having been a professional footballer in the UK for over 12 years, I have played in leagues ranging from the Championship to the Football Conference, in addition to amassing more than 60 international caps for the Philippines. I have my Level 2 coaching licence with plans to earn my UEFA B licences in the near future. I have been lucky enough to play with - and against - many top international players throughout my career and I have also learnt from excellent head coaches on how to - and how not to - coach.

I can honestly say that the experiences I have had playing football in different countries has helped mould me as a player and as a person. Encountering different ways of life and cultures has helped me focus on what I believe is important and I believe anyone can benefit from exposure to such experiences.

Football is a universal sport that has the power to bring the world closer together. As a child, I would have loved nothing more than exploring the world and playing football with my friends. That is what I am aiming to achieve with Zenith Soccer Tours.

I hope to see you on one of our camps soon as I am confident it will be an experience you will never forget.

Footballing Excursions 😭

Match Day Tickets:

No trip would be complete without actually getting to watch some top quality live football action and during every camp we will aim to see at least one live football match. Nothing compares to watching your heroes play live in front of your very own eyes, it is only then that you get to experience the technical skill and speed of today's top players. Obviously this all depends on the time tables of the teams during your stay but we always try to see one of the top teams in the area, and we are fortunate that we have some of the best teams in Europe on our doorstep. *

Training Ground Visit:

To try and get the players even closer to their idols we endeavour to go and visit the training ground of a local professional team. The players will have the opportunity to see how top flight professionals train, what drills they do in practice, and what is required to be the best. This really is a once in a life time opportunity and we do everything we can to make this happen during your stay. *

* unfortunately we cannot guarantee all the excursions as the clubs timetables will vary from day to day.

- Personal injury and travel insurance as already mentioned, this is to be arranged by the parent /guardian prior to travel.

1. <u>Visas.</u>

Depending on your nationality you may need to arrange a visa to enter the UK and we will help you do this. If you live in the Philippines and only have a Filipino passport then you will need to apply for a UK visa. We will help you process with this and an organised trip to the DFA in Manila, including collection and drop off will take place at an arranged time where all visas, biometrics etc. will be completed.

2. Can I travel with my child?

Yes of course you can. The package price will remain the same as you will also be staying on site at Bisham Abbey and you will also enjoy all the activities too. We will even arrange a few 'parents/guardian nights' where the adults can enjoy an evening out together.

3. What happens if I can't travel with my child?

Once in the UK we will make sure your child in safe hands. Your child's safety is of utmost importance to us and we take this very seriously. We always have a minimum ratio of 1 adult to 5 children at all times and all the relevant DSWD forms (Philippines only) and approvals will be completed prior to departure.

We will all meet at the airport where Zenith Soccer Tours staff will be present and we will then take responsibility for the care and protection of your child for the duration of the tour. Once in the UK we will provide the children with access to call home every day via skype should they wish to.

4. Are you insured?

Yes. The company is fully insured with public liability insurance cover. We use a reputable flight agency when booking flights who are ATOL protected meaning that all money used to pay for flights is fully protected. The child's personal travel insurance will also cover each child individually which is why it is a requirement of Zenith Soccer Tours that all children attending our tours have travel insurance in place before we travel.

5. Do you provide travel insurance?

We strongly advise you to arrange this yourself as getting the right cover for your child is something personal to you. One parent may want additional cover in a certain area so this is why we recommend it be dealt with by the parent/guardian, however if necessary we will of course help you with this process if you wish.

It is a requirement of Zenith Soccer Tours that all children be fully insured and all travel insurance be in place before we travel, otherwise the child will not be allowed to come.

6. Child Welfare

As company director I am fully DBS (formerly CRB - Child protection Bureau) cleared. All our coaches currently work in academies so they are also fully checked and cleared to work with children, adhering to the UK's strict child welfare policies. Any additional staff members will also go through a rigorous screening process to ensure they meet the high standards set by Zenith Soccer Tours.

7. <u>How will we know what extra activities will take place and how much will they cost?</u>

The day excursions and activities are constantly changing, sometimes due to outside influences such as club timetables etc. Prior to departure, your welcome pack will provide a list of the possible activities and how much they will cost. You will need to check which activities you would be happy for your child to attend and we will endeavour to accommodate this, taking into account the preferences of the other tour attendees. If you decide that you did not want your child to go along to the extra activity then we will aim to arrange something else either on site at Bisham Abbey or off-site that does not involve additional cost.

8. Why don't you publish the tour cost on the website?

Our tours are bespoke and will vary from one tour to the next so it is difficult to post exact prices online. We also have clients that come from all over the world, for example, some from Europe and some from as far away as Asia. There are many variable costs involved such as travel and visa expenses etc., so this is why we will tailor your package to suit your needs.

Please feel free to contact us and we will happily build your perfect soccer tour. 15
